EXPERIENCE

- Freelancer** **10 2024 – Present**
- Stock Screener Android Application, Freelance UI/UX Designer and Flutter Developer*
- Restructured a stock screener and auto trading signals app through UX research, motion design, and interaction design to improve usability and navigation.
 - Integrated technical analysis, range breakout patterns, real-time signal strength, and market trend indicators tailored for the Indian stock market (NSE/BSE).
 - Worked with developers to implement responsive, interactive charts and ensure alignment with algorithmic trading strategies.
- 10XTD** **09 2024 – 10 2024**
- Freelance UI/UX Designer* *Mumbai, India*
- Led the redesign of the 10XTD website, collaborating with the lead developer to ensure a cohesive design system throughout the platform.
 - Developed the "CXO Corner" with user-centric UX and responsive interfaces for consistent, engaging experiences across devices.
 - Enhanced user engagement with motion and interaction designs, creating polished prototypes that received approval from stakeholders.
- Chipsy Information Technology Services Pvt Ltd.** **10 2023 – 12 2023**
- Front-end Developer Intern* *Udupi, India*
- Refined HTML, CSS, and JavaScript skills, with a strong focus on responsive web development.
 - Gained hands-on experience implementing APIs with JavaScript and React.js to enhance interactivity and data integration.
 - Designed wireframes and prototypes, optimizing UI/UX for user-friendly, adaptable layouts across devices.

EDUCATION

- Mangalore Institute of Technology and Engineering** **06 2022 – 08 2024**
- Master of Computer Applications - CGPA - 8.3* *Visvesvaraya Technological University, Karnataka(VTU)*
- JSS SMI UG and PG Studies** **06 2018 – 06 2021**
- Bachelor of Computer Applications - CGPA - 7.0* *Karnatak University, Dharwad*

PROJECT AND RESEARCH

- Designing UX on Decentralized Social Media Network | Blockchain, Figma** **06 2024**
- Led UX design and development for OpenWave, a Web3 decentralized social media network, focusing on user autonomy and blockchain integration. Conducted UX research to inform a user-centric design strategy, created detailed personas and user flows, and developed responsive, high-fidelity UI prototypes using Figma and Sketch.
 - Presented research on decentralized technology and UX design at a national conference, with findings published in the International Journal of Creative Research Thoughts.
